# INTRODUCTION

**Je ro sa Lem.**

*Anna rauhaa sanoi Lemminkäinen.*

Give peace said Lem.

**Rot. Van. English.**

Word by word, page by page, shift by shift, into the countless chapters of the book of life we drift. Take a seat and join the ride. Enjoy as our magic carpet takes us up into the sky, through heavenly paradise gardens, freezing Atlantis darkness, and flood sailors smartness. On the way, take away, some puzzle pieces for a better day, as we may say.

Wise man - eternally knowing - said he will return when there is no moon, sun nor free joy. But where is he? Isn't it smoke that covers our moon at night and dust that blocks our sun at day? And where is that free joy which doesn't need an employee? Its a dime for burning some coal, a pound for turning the bowl, and a day's wage for buying a toy. Where is the joy? Or the poor old golden boy?

See, listen, hear. What is spoken - can become broken. What is written - can become smitten. What you read - becomes seed. Some trade them for prophecies, others for mesmerizing riddles of apologies. Rules of thumbs went always up, so we needed a secret cover-up. In a box was hidden - keys of the forgiven. Secrets out was given - like in dreams ridden. Red lines are the beginning of purpose - in our spinning life circles.

Journeys through time - taken, and awaken. Nations brought alive - left, and undressed. From early falls to late lies. Opening doors to disguise. Revealing sacred spies and forgotten enemy lines.

**Saga** said and gave: holy scriptures and histories,  
mythologies and mysteries, creations and revelations. The  
old man had a daughter and her cousin was the joker. In the  
far north they tent and to all the ring lands they went.  
Stories from across the earth, since the beginning of birth.  
True and good, said *Väinämöinen* about *Sampo*.

We wish you to help. Awaken your good. The good, each  
and every one of us has, deep within our all-knowing trust.  
The good, which brings peace and truth, joy and fun, love to  
everyone. The good, who embraces you and lets you run, go  
to paradise and be one. Embrace the sun and his goodness  
gun. Become good people and start building the perfect land  
- the land we are designated to take into our band. Since the  
beginning of times, we are known to go to that promised  
stand, have a bright future, and beautiful hands.

Good, the perfect and omnipotent good, take what you  
have, and join us for a caravan. It's going be wise, bright,  
beautiful, and forever as a nice glowing strand. It makes us  
grow, like the sun never shone, grass ever let alone, clear  
light always shown.

One door leads to another, one step makes a footprint, one  
path leads somewhere. Where is the chair for the peace  
affair and the square for O Lord's prayer? And it was so at  
last, on grandma's blast. All to Saint Santa who rewinds his  
coil with truly good soil.

Are you ready?

P.S. Put it to rhyme and don't forget your dime. Give peace.

# PRELUDE

We, people, we are born from good forefathers, therefore we should be taught some of all the good that our ancestors left for us. We are all good and masters of our goodness. And all of our days may be in goodness.

Therefore, this timeline is made to remind us what got us this far and understand what we have ahead.

We used to be able to see into the future and predict, as our holy scriptures may verify.

We have prophets and messengers, one after another, both good and bad, standing and falling, healing and destroying, forgetting us being one big worldwide family.

Through all the prayers of peace and goodness, we may find the good in all of us, and make our home planet a beautiful place to live in for as long as we may live.

Oh, those times, we came and we stood, we looked and we listened a lot. And what we saw and heard made us shake and tremble exceedingly.

So it happened, **Lem** said: "**Je ro!** Give peace!".

And his spirit of peace and good came upon us. We could feel the gates of heaven open and see our families in circles of peace surrounded by countless singing and dancing angels.

We saw his father descend from the heavenly land. Bright and shining like the sun. True and righteous as an innocent lamb.

We could see their family follow him, all shining like beautiful stars in the depth of the night.

They came down and walked around us and gave us the gospel of good.

We could feel their goodness inside of us.

And we all began to sing in root language: "**O Herre, O Herre, goda goden, je ro, je ro, O goda Lem Lemminkäinen, je ro, han sa. Je ro, je ro sa Lem, Jerosalem.**"

Now it happened, we had read and seen many great and wondrous things, and we could feel goodness and joy grow within us.

And **Lem** began to sing: "O Lord, O Lord, the good goodness, give peace, give peace, O good **Lem Lemminkäinen**, give peace, he said. Give peace, give peace said **Lem, Jerosalem.**"

So he sang and our souls rejoiced and all our hearts were full of what we saw.

And we want you to know, that he showed us many wondrous things and he taught us a lot about love, peace, and righteousness.

And we will tell you that during his lifetime we knew many things about the beauty of life and that, which is sealed from us.

So it happened, we were told a prophecy of a time when we would be together again as one big happy family on one fertile planet.

We were told that we may not know about these events until the time is right, and they will appear into our lives during the times when there is no moon, sun nor free joy.

# I - ODEN

In the beginning God created the heavens and  
the earth. - Genesis 1:1

## Creator

### Darkness

In the darkness He shines like candle rays on a dark wall. It is New Year's Eve, the last day of the year of the wheel and our families are gathered for the celebration. Like every Eve, we come together to remember and sing for our creator. Sit down with His children and make a wonderful ring. Thank Him for our planet and our existence cling. Chant brightly out in harmony for almighty **Oden**.

### The sun

**Oden e' en ring**  
**Oden e' allting**  
**Oden ha' alltid vari', e'**  
**o' Oden kommer alltid o' va'**  
**Oden e' solen**

**Oden** is a ring  
**Oden** is everything  
**Oden** has always been, is,  
and **Oden** will always be  
**Oden** is the sun

## Stars

A long long time ago, there was darkness in the eye of the creator. Oden was alone and everything surrounded Him. He saw the heavens empty and darkness over the deep surfaces. He winds like a coil in His mind, aligned and fined, and outlines: "Eureka! Let there be light rhymed.". And light there came, primed and well-timed. Countless stars in circuits, illuminations in the furthest. Heavenly bodies like waters, flowing out in deep space quarters. Incredible combinations - solid, liquid, and gas variations. Explosions fabricated, volume evaporated, eruptions decorated, stars skies created. The celestial sphere He constellated and lights in the sky painted.

Across the universe glows nicely, as **Oden** shines mightily, and the stars reflect brightly. And He saw the light, that is was good and it divided the light from the darkness.

## Heavenly bodies

Observe here, everything that takes place in the heavens and holy sevens. All heavenly bodies, storytelling constellations, and heaven's dwelling stations. Beyond boundaries and deep changing time ways. **Oden** reflects as far as light can fetch, to each and every star edge stretch. Closest to us, our cosmic moon disc catch. **Ra**, our bright shining heavenly body, full in energy rotation - new in changing lunation, cold when does not get enough - warm when we turn the stove on. Dark to light, shining bright, mystical moon sight.

Among the star sky, a particular eye, the Northern star (**Nordstjerna**) high. **N** as in knowledge, **i** as the pole and the dot as the bright shining star role. Star of our birth, way high above the hole of the earth. Steadfast in the heavens, luminaries in appointed order, rise and shine above every corner. Their presence makes heaven pleasant.

Are you looking for  
abundance of joy and happiness,  
a good life? Perfect paradise?

Love, peace, beach, truth ... utopia?
